The conference will address a range of issues related to the following questions:

- ✓ Systematics and phylogeny of molluscs
- ✓ Morphology, physiology and biochemistry of molluscs
- ✓ Zoogeography and faunistic of molluscs
- ✓ Ecology of molluscs
- ✓ Phenetics and genetics of molluscs
- ✓ Paleomalacology
- ✓ Behaviour of molluscs
- ✓ Conservation of molluscs

Official languages of the Conference — Russian and English.

The Organizing committee:

Konstantinov I. S., Doctor of Technical Science, Professor, Organizing Committee Chairman, Vice-Rector for Research and Innovation of Belgorod State National Research University;

Snegin, E. A., Doctor of Biological Sciences, Organizing Committee Co-Chairman (Belgorod State National Research University);

Schileyko A.A., Doctor of Biological Sciences (A.N. Severtsov Institute of Ecology and Evolution RAS);

Khokhutkin I. M., Doctor of Biological Sciences (Institute of Plant and Animal Ecology, Ural Branch RAS);

Kantor Yu. I., Doctor of Biological Sciences (A.N. Severtsov Institute of Ecology and Evolution RAS);

Makeeva V. M, Doctor of Biological Sciences (Lomonosov Moscow State University);
Vinarsky M. V., Doctor of Biological Sciences (Saint Petersburg State University);
Sirenko B. I., Doctor of Biological Sciences (Zoological Institute RAS);
Kiyashko P. V, Candidate of Biological Sciences (Zoological Institute RAS);
Leonov S. V., Candidate of Biological Sciences (V.I. Vernadsky Crimean Federal University);
Grebennikov M. E. (Institute of Plant and Animal Ecology, Ural Branch RAS);
Adamova V. V. (Belgorod State National Research University);
Snegina E. A. (Belgorod State National Research University);
Barhatov A. S. (Belgorod State National Research University).

The conference will be held online. Text reports and presentations will be published online on www.malacolog.com (with the consent of the participants), further discussion being possible on the website forum.

The comprehensive list of scientific articles will be included in the Russian Science Citation Index (RISC) and published by the beginning of the Conference. Each publication will be peer reviewed. Submissions not meeting the conference thematics will not be considered. It is also recommended to avoid the description of new taxa as its publication is not valid from the viewpoint of zoological nomenclature. The submission details and cost of publication will be given in the second information letter.
